Tom -

Believe we have been in contact with Rebecca Sugerman about NDAs for some time now.

I agree that NDAs are not a prerequisite to holding a scoping mtg as described in the AOC/SOW.

I would offer that our conversations, as well as our ability to be as transparent as we want to be, during these meetings are greatly enhanced by NDAs similar to what EPA has already signed for the Tank Upgrade Study.

Sorry for the confusion and perceived late delivery of this info. Will ensure our collective attorneys have this squared away.

Looking forward to productive mtgs this week.

Thanks. R/ Dean

Dean,

To me it is unacceptable to receive a non-disclosure agreement that we are being asked to sign at 10pm on Friday before a Monday morning call. The obligation to hold a scoping meeting is not conditional on such an agreement.
